

## **AMBIENTA SGR S.p.A.**

### **Ambienta Responsible Investment Policy**

As a mid-market private equity investor specialising in the key environmental themes of resource efficiency and pollution control, active ownership and responsible investment is intrinsic to everything we do to deliver our primary objective of value creation.

Ambienta recognises the relationship between the long term performance of investments and environment, social and governance (ESG) issues. In the context of the types of companies that Ambienta invests in, ESG issues can include, but are not limited to:

- business integrity
- corporate governance and management
- efficient use of resources
- air, land, water and more in general pollution
- occupational, user and community health and safety
- employment terms and labour standards
- human capital development

Ambienta's approach to responsible investment therefore includes:

- recognising the centrality of, and following, the UNPRI Six Principles for Responsible Investments;
- incorporating ESG issues into our investment analysis and decision-making processes, drawing on independent expertise as and when necessary;
- working alongside our portfolio companies as active owners to ensure that ESG policies and considerations, in a form inspired by The Ten Principles of the UN Global Compact, are integrated appropriately within each of their operations;
- monitoring the ESG performance of our portfolio companies and integrating ESG information into our investor relations and LP reports on an annual basis;
- promoting internal accountability for the implementation of the above.

Ambienta is a signatory to the UN-supported Principles for Responsible Investment (PRI). Ambienta is a member of Europe Invest where it aims at harmonising its operations with best in class for its size.

Ambienta does not consider its own approach to supporting the Principles for Responsible Investment in its reference business as proprietary know how; rather, it will work in favour of their wider application.

This policy will be reviewed every two years.
